Defendant, Olena Wilson, with the greatest respect asks the U.S. District Court Western District of Washington to decline the motion for default judgment.

Unfortunately and totally unexpectedly my name appeared in this case without my wrong doing. Because, in my opinion, I haven't done anything that would put me into this situation, I don't feel I need to hire legal help, especially that I cannot afford it. I feel like I'm one of two victims that are left in this case that the plaintiff is trying to receive money from for their time and make profit for Criminal Production.

I am an immigrant from Ukraine. I recently graduated from college and started my career in public accounting while raising my 7-year old son. My husband 95% travels outside of state working on transmission power lines. With my busy work life and at home, I don't spend much time watching TV. My interests are limited to animated cartoons to light romantic comedy. While I have never watched this movie "Criminal", I also do not own a copy of it in neither digital nor DVD format. In our household, we have many ways to watch shows or movies: Netflix, Xfinity, Amazon Prime Video, rentals. Never have I considered obtaining videos in any other way but paying for them either per

1 individual movie or through monthly subscription. As evidence, I can provide

6 While I don't have any solid evidence to provide, by any means I do not
7 intend to ignore what has been accused against me. As a newly U.S. citizen, I
8 feel at disadvantage against this huge legal machine against me. I always
9 mean to obey the law and act responsibly.

10 Therefore, I kindly ask to dismiss the Motion for Default Judgment
